

jacdac::ServiceClient

```
classDiagram
    class jacdac_LedStripClient["jacdac::LedStripClient"]
    class jacdac_ServiceClient["jacdac::ServiceClient"]
    jacdac_LedStripClient --|> jacdac_ServiceClient
```

The diagram illustrates a class hierarchy. At the bottom is a gray box labeled 'jacdac::LedStripClient'. A blue arrow points upwards from this box to a white box at the top labeled 'jacdac::ServiceClient'. This indicates that 'jacdac::LedStripClient' inherits from 'jacdac::ServiceClient'.
